

WHAT IS MEDICAL ALLEY

Medical Alley is The Global Epicenter of Health Innovation and Care™. Medical Alley is where healthcare leaders call home.

In Medical Alley, you will find the world's #1 health technology innovation cluster, its #1 hospital and its Destination Medical Center. You'll find the nation's largest private health insurer, and more than 1,000 healthcare companies, employing more than 500,000 Minnesotans and millions worldwide.

Medical Alley has history. We're the birthplace of implantable medical technology, collaborative care delivery and innovative health plan models. The Smithsonian has recognized six "Great Places of Invention" in the U.S., including only one for healthcare, Medical Alley.

Medical Alley is the future. We're transforming healthcare.

If you want to see what healthcare will look like tomorrow, visit Medical Alley today.
